

The Logic Systems Ethos Nd215 is a compact, high power, bass enclosure. It features two band pass loaded long throw, neodymium 15” bass drivers. The benefit of this configuration is the increase in band sensitivity over a conventional direct radiating construction, combined with a tight, punchy and controlled bass sound. The Ethos Nd215 is designed to be used as the bass element of an Ethos CA speaker system. It can be used with up to two Ethos CA pole mounted from the integral M20 plate, or as the basis of a ground stack using the Ethos CA fly frame and ground stack assembly. It can also be flown above an Ethos CA array using the integrated fly system. The Logic Systems DP2140 system controller contains presets for the bi-amp operation of the Ethos CA system.

Frequency Response:	• 40Hz – 150Hz
Components:	• Bass: 2 x 15” cone drivers • HF: N/A
Power Handling:	• 2000w
Sensitivity (1):	• 102dB
Directivity:	• Omni-directional
Impedance:	• 4 Ohm
Construction:	• 18mm Birch plywood
Finish:	• Water based textured black paint
Connections:	• 2 x Neutrik NL4 (Main input:) 1+/- bass, 2+/- Aux input • 1 x Neutrik NL4 (Aux output:) 1+/- Aux output, 2+/- NC • Note: Aux output fed from main input on 2+/-
Dimensions:	• 505mm (W) x 780mm (H) x 600mm (D)
Packaged Dimensions:	• 635mm (W) x 930mm (H) x 730mm (D)
Weight:	• 57Kg (Dolly: 8 Kg)

Cabinet	Handles	Tophat	M20 plate	Castors	Bracket Pt.	Inserts/Fly Points
Nd215	8 off	No	2 off	Dolly	No	Integrated fly system

Note: (1) Sensitivity measured at 1 metre with 2.83V, using band limited pink noise.
